Where can I find serial numbers for Smith & Wesson Revolvers to determine when the weapon was made? ... If you're asking for an online source, ... you can find the serial number on the gun by the lot number (P) found on the top of the back box that attaches to the top of the gun with screws. ... If you can't find serial numbers on the weapon, you can find them on other items marked with the serial number, such as the box it's in or on the box's label. In general, in this answer, I focused on how to identify weapons by serial numbers and how this can be done online.
